## COUNCIL APPROVES ORDINANCES FOR PAVING AND ASKS FOR BIDS

Portion of Meadow Avenue, Eighth Street and First Street to be Improved

### FIVE NEW ONES CONSIDERED

Paving Projects Formally Broached When Ordinances Are Introduced For Third, Seventh and Meadow—Alleys to be Bricked.

Portions of Meadow avenue, Eighth street and First street are to be paved this spring, according to the decision of council and the burgess. At their meeting Tuesday evening council passed finally ordinances authorizing the grading and paving of the three sections and this morning Burgess S. L. Woodward approved them. Bids are now being asked by Borough Clerk H. L. Nickerson, they to be submitted to council at the time of its next regular meeting which comes on Tuesday evening May 4.

Meadow avenue is to be improved from First street to Fourth street, Eighth street from McKean avenue to the railroad tracks and First street from McKean avenue to Fallowfield avenue.

All members of council were present for the meeting except Councilman W. R. Gaut, who was detained by reason of other duties. The consideration of the three paving ordinances and five other ordinances formed the chief masters of business.

The five ordinances, all considered for the first time, Tuesday were, like the first three paving ordinances. They authorize the grading and paving of Seventh street between Lincoln avenue and Crest avenue, McMahan alley between Gelder alley and a point 330 feet north to an alley, Third street between Lincoln avenue and Meadow avenue, Gelder alley between Crest avenue and McMahan alley, and Meadow avenue from Fifth street to the north curb line of Seventh street.

The borough clerk was instructed to have all the ordinances printed and posted, and the five considered for the first time Tuesday evening will receive consideration again likely on May 4, though they will not be finally passed until thirty days have elapsed.

## STRANGER READS METERS AND COLLECTS MONEY FOR THE WORK

Unusual Plan Pursued by Unknown Man For Raising "The Dust" in Donora and Monessen.

Reading meters and collecting for the work is the sort of game that is said to have been tried by some sort of a film-fam artist at Donora and Monessen within the last few days, and Chief of Police C. W. Albright is extending a warning to Charleroi people to prevent a repetition of the scheme here.

In Donora it is stated a man appeared at various homes, announcing that he was reading meters for the Tri Cities' Water company and that there was a charge for the work. Some people paid him, others objected. In Monessen the same plan was followed, it is asserted, excepting that the stranger informed people there he was working for the West Penn Electric company.

## WRITES FROM WAR ZONE OF MEXICO

Samuel Rodgers, Formerly of Fallowfield Township, Describes Experiences

### HAD TROUBLE WITH TRAIN

Exciting experiences near the war zone of Mexico are related by Samuel Rodgers, formerly of Fallowfield township in a letter just received by his mother, Mrs. S. E. Rodgers, of Fallowfield. The letter was written on a train and tells of the trials and tribulations of getting an ore train to the "states." The letter is as follows:

Since writing you on arrival at Guanajuato I've been on the go getting cars for shipment of ores and owing to the scarcity of box cars we had to ship in coal cars. I insisted on getting steel cars which were finally selected and sent us from the military service. Many of them are foreign cars and Gen. Villa orders them returned as fast as possible. I told the head transportation man in Torreon that we could use these cars and then they could send them out of the country on reaching Chihuahua or send to the Coahuila coal fields to be loaded back south. This struck him right so he has been keeping the wires hot to all the superintendents south and as I went south I got in touch with them and gradually things began moving.

I left Guanajuato last Thursday with a train of "gondolas," nine with our 400 tons ore and concentrates worth \$60,000 to \$70,000 gold. Owing to heavy grades and poor engines, burning green wood, our engine could pull only five cars, the

## CHICKEN THIEVES GET AWAY WITH 22 FOWLS

Coops of Mrs. John G. Sampson at Eldora Visited by Marauders Tuesday Night For Second Time--Thieves Leave Little Clue

Chicken thieving is reported from Eldora, where a raid was made Tuesday night that netted the midnight folw. Then came the surprise visit—marauders 20 chickens and two turkeys from the coop of Mrs. John G. Sampson. The police here and elsewhere have been asked to watch out for traces of the thieves.

Last week the first raid on the Sampson coops was made, and the

## BETTERMENT SHOWN IN LIBRARY AFFAIRS

More Books Taken Out During the Last Year Than For Two Years Previously--Officers Elected For the Ensuing Year

Fifty books instead of about a score in 1913-14 and none at all in 1912-13 were registered as having been taken from the Citizen's Library at North Charleroi in 1914-15, according to the report of the librarian at the annual meeting held on Monday. The report showed that there has been a "looking up" in literary affairs at North Charleroi.

The board of directors elected are as follows: R. A. Roberts, H. M. Crabb, James T. Nutt, H. H. Myers and Walter C. Pangburn. Officers were all re-elected by the board as follows: R. A. Roberts, president and treasurer; Walter C. Pangburn, secretary and librarian; C. A. Metz, janitor.

James T. Nutt, H. M. Crabb and H. H. Myers were named the executive committee and R. A. Roberts, Walter C. Pangburn, the hall committee.

## LITERARY PROGRAM TO BE RENDERED BY CHILDREN

North Charleroi Schools to Hold Second Entertainment of Series at Library Hall

The second entertainment of a series of three to raise funds for a piano for the North Charleroi schools will be held by rooms 5, 6 and 7 of the North Charleroi schools at Library hall Thursday afternoon and evening. The program will be given entirely by the children and will consist of numerous interesting features. The same program will be given afternoon and evening. The rooms are taught by Misses Ruth Rice, Sara Scott and Ina Kline.

### "AMERICA" TO BE SHOWN AT PALACE THEATRE TONIGHT

The Shubert attraction at the Palace theatre this evening will be "America" as produced at the New York Hippodrome. The picture is in seven parts and is one of the most realistic photoplays ever shown. An excellent vaudeville program is being announced for the last three days of the week.

Deed Recorded. Thomas H. Huber et ux, Burgetts-town to John H. Moffitt, Charleroi, a lot fronting 40 feet on Crest avenue, Charleroi and extending back 120 feet: consideration \$2,500.

For Sale. New frame house on paved street. Six rooms and bath. Grained throughout, cement cellar, hot air furnace. This property will stand close inspection. Price reasonable, easy terms. See Walter Byerly at Charleroi Lumbar company, or 518 Washington avenue. 240-1f

### BROWNSVILLE GLASS FACTORY RESUMES OPERATIONS IN FULL

Enough Large Orders on Hand to Keep Plant Going Entire Summer—Electric Fans Installed

The Brownsville Glass factory, at West Brownsville, has resumed operations in full, after a several week's shutdown. Fires were lighted Monday and blowing started in full Tuesday.

Manager W. S. Phillips of the plant states that the company has received large orders which insure the operation of the plant during the summer. To make the work more comfortable electric fans have been installed at various work benches. Pipes carrying fresh, cool air have been installed, making conditions more comfortable and healthful for the 250 men employed.

## VETERAN GLASS MAN DIES HERE

Victor Vieslet, of Jeannette, Succumbs at Son's Home to Heart Trouble

### TO HOLD FUNERAL SATURDAY

Victor Vieslet, the father of Dr. V. P. Vieslet, died at 9:30 o'clock Tuesday evening at the latter's home at 613 Fallowfield avenue, from heart trouble from which he had been suffering for nine weeks. Mr. Vieslet, who was a glass worker of Jeannette was in his 66th year.

Mr. Vieslet came here five weeks ago to take treatment under his son. He failed to recover in spite of medical attention given by his son and other physicians from Charleroi and Pittsburgh.

Mr. Vieslet was born in Belgium and came to this country 36 years ago to locate in the vicinity of Jeannette, where he has lived since. He was a glassworker until a comparatively short time ago, when he retired.

Besides Dr. Vieslet, just the widow Mrs. Desiree Vieslet survives.

The funeral will take place Saturday at Jeannette. The body will be removed from Charleroi to that point tomorrow to the late home of the deceased at 701 Bullet avenue. Requiem high mass will be held at 9:30 o'clock Saturday morning, at the Sacred Heart Catholic church at Jeannette. Interment will be in the Sacred Heart cemetery.

## Palace Theatre

Tonight at the Palace Theatre you will have an opportunity of seeing the New York Hippodrome production of "America" in seven massive parts which is considered the most amazing revelation in motion pictures. Don't miss this most wonderful attraction. 246-1f

Approximately 100 Aspiring Knights Receive Full Obligation of Commandery

### FOUR HUNDRED ARE PRESENT

Visitors Come by Scores From Nearby Points—Monongahela and Bentleyville Well Represented In Class—Reception is Held.

Tuesday night was a big night in Knights of Malta circles in Charleroi, with the chief feature that of the conferring of the obligation of the ten higher degrees upon a class of approximately 100 candidates from Charleroi, Bentleyville and Monongahela at the Odd Fellows rooms in the Bank of Charleroi hall. The degrees included the two highest, the Red Cross and the Sepulchre. Past Grand Sir Knight Commander A. E. Corns of Uniontown was in charge of the degree work, with the degree team from Valley Echo Commandery No. 379 of Charleroi assisting.

To enjoy the events of the evening about 400 knights were present, including scores from out of town. The two largest delegations came from Monongahela and Bentleyville, the commanderies from these two points each sending delegations of about 50. Brownsville, California and numerous other points were well represented. Among others present was District Deputy Stephens of Newell.

The first part of the evening's work was given over of course to the convocation, and this was followed by the work of obligation. The obligation was followed by a reception for new members, and a buffet lunch was served by the lunch committee consisting of William Vetter, William Gelder and Albert Carson. The social committee which consists of A. B. Slaughter, Edward Schultz and John A. Lane looked after details pertaining to their office at the reception.

In the class of candidates who received the ten degrees were 71 from Valley Echo Commandery, of Charleroi, 20 from Bentleyville, and a number from Monongahela.

Valley Echo Commandery has 175 members, and is growing rapidly. The four chief officers are: Sir Knight Commander, Jesse Waggoner; generalissimo, I. P. Hepler; captain general, J. I. Cope; prelate, F. C. Balderson.

## MOSQUITOES.

Mosquitoes born not only live all summer but each female lays ac-  
 cording to the species, about 100  
 eggs. These multiplied by the per-  
 manence of a season would add up to  
 millions of mosquitoes. As the  
 breeding season has begun, it is im-  
 portant in our efforts to destroy  
 their breeding places. Should we  
 fail in our efforts, says the state com-  
 missioner of health we will be at-  
 tacked by their burning and their bit-  
 ting and by an increase of malarial  
 fever and should yellow fever be in-  
 troduced to our shores, it would make  
 for a serious epidemic.

The battle must begin at once. If  
 we have to use rain barrels for our  
 water supply, they should be care-  
 fully netted so that the mosquito can-  
 not reach the water and lay its eggs.  
 If fresh pools exist about our places  
 they should be filled up or drained be-  
 fore carrying away the rain water  
 and not permit it to collect and become  
 stagnant. If our swamps are too  
 large to drain and fill up, they should  
 be treated with petroleum so that  
 the oil will prevent the larva of the  
 mosquito from reaching the an-  
 nuals to breed. It will then drown  
 for the want of oxygen.

In country places ducks particularly  
 mallards, will do much to keep  
 the mosquito pest, as they are very  
 fond of the larva and pupa.

Tomato cans, sardine boxes, broken  
 cans—any vessel that will hold the  
 water will afford favorable breed-  
 ing places for mosquitoes. One to-  
 mato can half full of water will be  
 sufficient for the rearing of thou-  
 sands of mosquitoes.

The saucers under the flower pots  
 around our houses offer fa-  
 vorable breeding places. Water ves-  
 sels that are set out for birds and  
 animals are often found full of mos-  
 quito larvae. Therefore, such recepta-  
 cles ought to have the water changed  
 daily, so as to destroy any eggs  
 that may be laid in them. Water  
 tubs in rooms that are only oc-  
 casionally used have often been found  
 to be breeding places and where  
 houses were well screened they were  
 filled with mosquitoes, owing to the  
 fact that maybe one or two female  
 mosquitoes had found access to the  
 water in these pitchers of a spare  
 chamber.

## NERVE!

Facing financial embarrassment be-  
 cause of their pork barrel methods  
 of satisfying the desires of preferred  
 politicians the postoffice department  
 writes to the bat with a suggestion to  
 newspapers of the country, to bring  
 postmasters, that the newspapers  
 kindly donate to their use certain  
 copies for announcing the key to a  
 sort of parcel post arrangement.  
 The sort of announcement sent to  
 the postmasters is, "It is suggested  
 that your local press be induced to  
 furnish these keys without expense  
 to the department, accompanying the  
 suggestion with the suggestion  
 that it be clipped by patrons and in  
 this way give the information to the  
 public in general."

This stands as the best record of  
 the day for sheer nerve, though it is  
 one of several samples that might be  
 offered. The postoffice department  
 rather insists upon taking the news-  
 papers, go orally as philanthropic in-  
 stitutions designed especially to help  
 along their schemes and to furnish

statistics, all free of cost. It fails  
 evidently to recognize in a newspa-  
 per a business enterprise as impor-  
 tant in its field as any other business  
 in the field.

The statistics of a sheet of  
 tabular work set in about three or  
 four columns, say, to make deep,  
 and in general appearance somewhat  
 like a machine made truth sched-  
 ule. Also it is, without zealous  
 copy, almost as comprehensible.

It is this latest were pure news, it  
 would be different. Any newspaper  
 is not to be thought a little on  
 the outside rule to help about a  
 great deal of furnishing the in-  
 formation with some free advertising.  
 But there is a limit. The department  
 must as well ask some explanation  
 from the United States Steel Corporation  
 to finally furnish and deliver the  
 sheet of work of a Federal banking  
 "without expense to the department".

to induce the Pennsylvania Railroad  
 to furnish the department with  
 passes and Pullman checks for un-  
 limited travel. It would be as just.

100,000 reasons why. 244-16

## PICKED UP IN PASSING

A darky running a ferry across  
 the Alabama river was accosted by  
 a poor white stranger who wanted  
 to cross, but hadn't the wherewithal.

Pete scratched his woolly poll, per-  
 plexedly, then inquired: "Doan' yo'  
 got no money at all?"

"No," was the dejected reply.

"But it doan' cost yo' but three  
 cents ter cross," insisted Pete.

"I know, but I hain't got three  
 cents."

After a final inward think, Pete re-  
 marked, "I done tell yo' what:  
 a man what's not got three cents un-  
 ges' as well off on dis side ob de river  
 as on de odder!"

"Cynthia, will you recite 'Mary  
 Had a Little Lamb for us?' asked  
 the kind-hearted old gentleman, ac-  
 cording to the Philadelphia Public  
 Ledger.

"I do not care to, much as I should  
 like to oblige you," replied the little  
 girl, with the horn-rimmed eyeglasses.

"As a matter of fact, the poem has  
 little, if any, literature value, and in  
 addition is not true to life as it ex-  
 ists today. Under the construction  
 in trade, due to the meat trust, Mary  
 could not own a chop, but beyond that  
 the poet's imagination must be blam-  
 ed."

100,000 reasons why. 244-16

## Electric Sparks

April is still living up to its repu-  
 tation, whatever that is.

### A Cynical Theory

A man his days may idly pass,  
 And be admired and toasted.  
 The harder he doth work alas,  
 The more he getteth roasted.

—Washington Star.

The woman of the house in some  
 cases is such a ruling power that the  
 man doesn't figure even as a negligee-  
 rent.

Lightning Hot Drops are banned  
 in West Virginia, which serves to  
 further prove that the state's inten-  
 tions to enforce the liquor laws are  
 good.

Nothing comforting is to be said to  
 the poor cuss of a health faddist who  
 wore his summer duds all winter.

Abe Martin says: "There's get-  
 tin' t' be almost as many folks that  
 pretend t' be poor as there is who pre-  
 tend t' be rich."

### Blank Verse

"This time of year it is the thing  
 to write a verse of gentle — Of  
 budding trees and rippling hills, of  
 bonnets, ruffles, boots and lats. The  
 girls are hunting up their — The  
 organ grinder's music sweet rings  
 up and down the city — Hoops  
 and skipping ropes appear. Ball-  
 and jacks will soon be — The  
 boys are hunting up their bats,  
 their baseball suits and peeked their  
 — Indeed, one need not be a poet  
 to feel the spring is here we —"

—Roy K. Moulton.

 preparations. Write for catalogue.

## HOME REMEDY CO.

BUFFALO, N. Y.

## Bits of Byplay

By Luke McLuke

Copyright, 1915, the Cincinnati  
 Enquirer

Correct.  
 Luke McLuke, the Cincinnati Enquirer,  
 is the only one who can do it.

### The Wise Fool.

"A man is known by the company he  
 keeps," observed the sage.

"Yes, and he is also known by the  
 photograph records he buys," added  
 the fool.

### You Know Him.

He often comes to the office.  
 I have to know him, too.  
 He is a man that all the world's a stage.  
 And he's the only one who shows.

### Huh!

"I see that they are talking of a plan  
 to stamp the date on eggs the day they  
 are placed in cold storage," observed  
 the fool.

"What's the date?" asked the grinch-  
 y. "I do after fifteen or twenty  
 years."

### Oh, Very Well!

Dear Luke,  
 If I don't see you in the papers you sent,  
 And they should send me your head.  
 Then I'll be the world's first  
 point.  
 Your daily papers sent me the you were  
 sent.

For a man, he is a man.  
 And as they talk and talk for many  
 hours.  
 He would not whoever sent her those  
 flowers.

—McDonnellville, O.

### A Sure Thing.

"An eastern man is going to start a  
 school to teach housewives how to  
 spend money," remarked Mrs. Gabb.

"It is a lead pipe cink that the blam-  
 ed fool is a single man," growled Mr.  
 Gabb. "I suppose some other cheerful  
 idiot will open a school to teach women  
 how to talk."

### Tough.

You'll find the world is cold, I fear.  
 When for some aid you holler,  
 For all your friends will shed a tear  
 But none will send a dollar.

### There Are Plenty Just Like Her.

New Haven, Conn., claims to have  
 discovered a young lady who, when  
 asked by her grandmother what need-  
 les are for, answered that they are to  
 make the phonograph play.

### Names Is Names.

A. B. C. is a schoolteacher at Learn-  
 ing, N. D.

### Ouch!

Dear Luke—I see that Ura Butcher  
 has started in the automobile business.  
 —F., Columbus, O.

### Things to Worry About.

Tightening your belt will lessen the  
 pangs of hunger.

### Thank!

Nearly 300 of Luke's readers have lo-  
 cated the old fashioned man who  
 wears the ready made bow tie with the  
 wire loop in the back. Four of our  
 readers sent the ties in as evidence.

### Our Daily Special.

When money talks it doesn't give it  
 self away.

### Luke McLuke Says:

A man never knows how many cuss  
 words there are in his vocabulary until  
 he gets his face nicely lathered and  
 then discovers that one of the children  
 has been using his razor to sharpen  
 pencils.

An eastern judge claims that per-  
 fume is not a necessity. This reminds  
 us of the fact that a New York man  
 lived in a house for eight months be-  
 fore he discovered that there was no  
 faucet on the bathtub.

When your wife does something  
 mean to you the only way you can  
 square matters is to ask her to forgive  
 you.

You never learn just how high you  
 stand in a man's estimation and just  
 how much he thinks of you until he  
 starts in to borrow \$10 from you.

The wisest men we ever knew used  
 to sit down and worry over what hope-  
 less fools they were.

A punctual man has to waste a lot of  
 time waiting for the other fellows to  
 show up.

The reason why a baby is the perfect  
 image of its wealthy uncle is be-  
 cause it looks like a little red mon-  
 key.

It is funny that a man can come  
 home about 3 a. m. and be perfectly  
 sober and discover that his latch-key  
 is so thick that it won't go in the key-  
 hole.

Mother hates to trust father to do  
 any shopping for her because she  
 knows that he would just as soon pay  
 a dollar for an article as 99 cents.

When a girl is reading her first love  
 letter from a man she can feel a ring  
 on her finger and can almost taste her  
 wedding cake.

The old fashioned girl who used to  
 have to churn for two hours every af-  
 ternoon now has a daughter who kicks  
 because she is asked to go to the gro-  
 cery store and get a pound of butter.

If they keep on improving the society  
 dances a girl will soon have to take  
 lessons in catch-as-catch-can wres-  
 tling or be a wall flower.

Always remember that when you  
 throw mud you are bound to get some  
 of it on your own clothes.

## WORK ON CONSTRUCTION OF DERRICK BOAT BEGUN

New Boat Will be Placed in Service  
 on Monongahela—The Government  
 Yards Busy Place These Days.

Work on a new derrick boat for  
 the Monongahela river service is be-  
 ing started at the government yards  
 at North CharleROI. The boat is to be  
 one of three to be placed in service  
 in addition to those already in use.

Machinery removed from the steam-  
 er Slackwater when new was install-  
 ed in that government boat, is be-  
 ing prepared for placing in the steam-  
 er Kittanning, which is to be used  
 as a harbor boat. In addition to this  
 and other work at the government  
 yards, wickets are being constructed  
 for dams 1 and 10 of the Ohio river.

## LOCAL REPRESENTATIVES TO CONVENTION APPOINTED

CharleROI will be well represented  
 at the convention of the American  
 Federation of Labor which will open  
 at Harrisburg on May 11. Those  
 who are to go from here are William  
 Guiler, Louis Gouziou, Samuel Par-  
 doe and John J. Oates, all repre-  
 senting trades affiliated with the  
 Central Trades council.

100,000 reasons why. 244-16

## PERSONALS

Mr. and Mrs. C. R. Newcomer and  
 daughter Emily are visiting with rela-  
 tives at Uniontown.

Dr. Bassett, who conducts a psychol-  
 ogical clinic at the University of  
 Pittsburg, spoke to teachers at the  
 high school building Tuesday after-  
 noon on the subject of "Educational  
 Misfits."

Roy S. Sharpnack of Rices Landing  
 has arrived to take up his work as  
 assistant superintendent of Eldora  
 park.

## DINSMORE FUNERAL IS CONDUCTED HERE TODAY

Funeral services were conducted  
 Wednesday afternoon at 3 o'clock at  
 the home of Mr. and Mrs. William  
 Blum, at 213 Lookout avenue for the  
 late Mrs. Rosana Dinsmore, who  
 died on Sunday. Rev. R. M. Rance,  
 of Fayette City Christian church  
 was in charge, with Rev. E. N. Duty  
 of the First Christian church of  
 CharleROI assisting. Interment was  
 in the Fayette City cemetery.

## "THE TIGRESS" TO BE SHOWN AT MAJESTIC

A five part picture "The Tigress"  
 will be shown at the Majestic theatre  
 tonight. The picture is a play of  
 thrilling intensity with Olga Pe-  
 trova in the leading role. Thursday  
 will be a benefit day at the Majestic  
 theatre when 50 per cent of the pro-  
 ceeds will be donated to the Red  
 Cross Society. Belgian War Pic-  
 tures will be shown Thursday.

## FUNERAL SERVICES FOR MISS WILSON TOMORROW

Rev. E. N. Duty, pastor of the  
 First Christian church will conduct  
 the funeral services for Miss Carrie  
 Wilson who died at Belle Vernon  
 Tuesday morning, at 2 o'clock Thurs-  
 day afternoon. Rev. Taylor of Belle  
 Vernon will assist in the services.  
 Interment will be in Crow's cem-  
 etery.

## Notice to Teachers.

An election will be held in the  
 Dunlevy school building Monday,  
 May 3, 1915 to elect teachers for the  
 coming year.

Dunlevy Borough School Board  
 Walter Gillingham, Sec'y.  
 A-21-24-28

## School Board Meets.

The school board held a regular  
 meeting in the CharleROI Savings and  
 Trust company building Tuesday night,  
 transacted practically no business of  
 general importance.

# Rheumatism Sprains Lumbago Sciatica

Why grin and bear all these ills when Sloan's  
 Liniment kills pain?

"I have used your Liniment and can  
 say it is fine. I have used it for sore  
 throat, strained shoulder, and it acted  
 like a charm."—Allen Dunn, Route 1,  
 Box 88, Pine Valley, Miss.

"I am a painter and paperhanger by  
 trade, consequently up and down lad-  
 ders. About two years ago my left knee  
 became lame and sore. It pained me at  
 nights at times till I could not rest, and  
 I was contemplating giving up my trade  
 on account of it when I chanced to think  
 of Sloan's Liniment. I had never tried  
 it before, and I am glad to state that  
 less than one 25c. bottle fixed me up  
 apparently as good as ever."—Charles C.  
 Campbell, Florence, Texas.

## FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer  
Restored to Health by Ly-  
dia E. Pinkham's Veg-  
etable Compound.

Kasota, Minn. — "I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do my work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do." — Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## NORTH CHARLEROI

The Sunshine class of the North Charleroi Sunday school met at the home of Mrs. Clyde Fleniken Thursday evening.

The school board of North Charleroi held a special meeting Friday evening of last week and elected the same teachers for the following year with the exception of Mrs. J.M. Whitlatch who was not an applicant.

Mr. and Mrs. John Cope and children spent Sunday in Uniontown and Brownsville.

The Willing Worker Bible class of the North Charleroi Sunday school met at the home of Mrs. William Voelker Thursday evening. The next meeting will be held in Library Hall Friday evening May 21.

Mrs. Charles Carson and her mother Mrs. George Johnson of Fayette City spent Friday in Monongahela.

Miss Ida Reed of Maple Creek and Mr. and Mrs. Homer Pharo of Twilight were Sunday guests of Mrs. John Hogan.

Mrs. Charles Lauterback spent Monday in Monongahela.

The pupils of rooms No. 5, 6 and 7 of North Charleroi will give a literary program in the Library hall at North Charleroi, Thursday evening April 23. The proceeds are to go to the piano fund.

## Freckles

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

## "The Wonder Car"

This is the car that 38,000 happy owners have given the "rough and tumble" acid test of real automobile owners' wear

An automobile on the road for 18 months in constant, every-day use by an owner ceases to be a designer's theory.

It becomes—either a great automobile success;  
Or it becomes—a great automobile failure.

Multiply one model by 38,000 and give each one of these 38,000 automobiles day in and day out rough and tumble road wear, and if this car stands up and delivers, it has become one of the rare great automobile successes.

And that is the Maxwell success

today—that is exactly the "Acid Test" that the Maxwell has passed through, and that is why the Maxwell is the most talked about automobile that is built today.

The Maxwell automobile is today one of the very few great automobile successes the world has ever known.

And this is the car we urge you to see. This is the car that you owe it to yourself to see. We want to tell you about its hill climbing triumphs. We want to tell you about its speed and endurance records. We want to show you and add up for you every one of its new features.

### Read This List of Expensive Features. The 1915 Maxwell Has These Features And Many Others.

#### PURE STREAMLINE BODY

A large, roomy, beautiful body, fitted with deep, comfortable upholstery, ample leg room, adjustable front seat and the best fourteen-coat, hand-painted and striped finish. All Maxwell bodies are constructed of pressed steel, mounted on a steel-channel sectioned frame, offering the greatest possible strength with minimum weight.

#### SPRING SUSPENSION

Without a doubt you will find the Maxwell the easiest riding, light car made. With its ample sufficient wheel base, and semi-elliptic front springs and three-quarter elliptic rear

springs, built of the very best of spring steels, the Maxwell cushions its passengers from all the jars and bumps of rough roads. It is so comfortable and easy riding that you will remark the difference on your first ride.

#### THE POWERFUL MAXWELL MOTOR

The most powerful, durable motor of its size made. Ample power to negotiate any road, mud, sand or hill—always at your command. Almost troubleproof, every part accessible, and what is more, it is a motor of genuine economy. More miles per gallon day in and day out, than you would believe possible if one were to tell you. The Maxwell motor stands to-day one of the very best in dependable efficiency.

#### DOUBLE SHELL RADIATOR

A beautiful, troubleproof, highly efficient radiator. Every part but the shell constructed of high-grade copper. It will not corrode and leak. Protected against breakage by a heavy, pressed steel shell and special shock-absorbing devices on each side of the frame that protects it against the many strains and twists of the car.

#### THE STEERING GEAR

Irreversible worm and gear, the only safe steering device. Maxwell uses a gear instead

of a sector. This makes adjustment very simple, as you have merely to turn the gear one-quarter way and you have a new surface, just as good as a complete new steering unit.

#### BRAKES THAT HOLD AND LAST

One square inch of braking surface to every twelve pounds of weight. That's more than most any other car gives to-day. Maxwell brakes are thoroughly dependable, enclosed and protected from dust and dirt, and have special anti-rattling devices. Maxwell brakes are very easy to handle. The slightest pressure of the foot and your car comes to a dead stop.

### The Maxwell Company's Guarantee of Service to Maxwell Owners

No other automobile is backed by a more reliable service than that guaranteed every Maxwell owner. More than 2,000 Maxwell dealers—in every part of this country—are always ready to give expert advice, to make adjustments, and to supply new parts at reasonable prices.

This splendid Maxwell dealer service organization is perfected and completed by the chain of Maxwell owned and Maxwell operated Service Branches. Sixteen great Maxwell Service Stations are so located throughout the country that a Maxwell dealer can supply any part for an owner within a few hours if not in his stock. Maxwell Service is one of the great advantages enjoyed by Maxwell owners.

Order a Maxwell from us now, and when you want it delivered, we will give you your car—not an excuse on delivery day

### BERRYMAN'S

open car and slept in "cat naps" between the roaring trains, chatter of guards and growling and fighting of dogs near by. I didn't know what smelled so bad that I had stumbled over in the night, but found as I looked out in the morning that the dogs were finishing an old horse evidently killed by a train the day before, only two tracks from my "pullman." I got so cold I turned the cot upside down on me and laid down on the ore with two blankets and an overcoat. Juan was worse off still. I found his car way down on a siding near the round house and as he had left his blanket in another car and couldn't leave to hunt it he had kept watch all night and walked to keep warm.

The passenger took two of our cars and we started ahead with the rest and got to Ajua before dark without accident. Owing to scarcity of fuel we couldn't get out that night and I got a good sleep in the caboose on my cot. Next day they couldn't promise much so I went up town and had lunch with the consul and another of our representatives at the smelter, which now was shut down for lack of fuel. On returning to station I found the train had left as the dispatcher had been hunting for engineers and finally borrowed one from a general at Zacatecas to come down and left our train up the hill, which we are climbing now. I with one of our men got left, but am glad the train went on. We will catch it tonight somewhere. An Englishman in charge of two high grade cars from an American property over in Jalisco asked me to take his cars, which I did and he went along. I found some one had probably bribed an employe and got two cars of sugar attached to our train and left one of our cars. We got it attached however and I told the officials they could leave the sugar on, but if any cars were dropped they would go first.

Just arrived Zacatecas and find our train passed here at noon—22 hours, coming what we have come in five. It is down hill here and mostly level beyond, so the train will make better time. I hope to catch up at Colorado, then leave a real pullman for a caboose, but some how a train moves faster if a person "stays on the job."

Hope to get to Torreón tomorrow and Chihuahua Tuesday or Wednesday at the latest. Rather a long haul for us—over 800 miles. Owing to the doubtful exit of Villa's forces, we will try to hustle out the rest of the ores in Guanajuato—about two more train loads. Have wired Guanajuato to rush loading and learned before leaving Aguas through dispatches that they loaded three cars and have two others. The superintendent offered to complete the train in a couple of days. Have wired Dwight to meet me at Chihuahua as he is probably in El Paso yet. If he does I'll return to Guanajuato and help out and leave him to settle with the smelter there. The Americans talked of leaving in case the Carranzistas come on there, as they are a rather rough element. They have a lot of Yankies, a cruel lot.

This poor country is having a bitter cup to drink. Many foreigners are suffering with the rest. McManus, who was killed in Mexico City has been proven a "bad citizen" by our U. S. administration, as all afe who get maltreated down here. As a person said in Aguas who was sent down to investigate by Bryan, in giving his finding on this case some of the boys jumped on him and said that was the way the U. S. government got rid of such cases, proving a person a bad citizen whether he is or not. I have known McManus for 10 or 12 years. He left a wife and four nice children. If anything happens us, be prepared to get a scolding from Washington. D. C. for letting such reprobates of sons.

Well, I borrowed this paper from a cousin of ex-president Madero, who happens to be on the train, and whom I have known for some seven years. He is a nice boy of Guadalajara. My craze is all on the other train. Many people are getting farther and farther from the war zone. This party

## BOOM UNDER WAY FOR A BETTER HOSPITAL

Work Being Started for Improvement Of Local Institution—Slogan, "100,000 Reasons Why" in Present Campaign Attracts Interest.

The official board and staff as well as the Ladies auxiliaries of the Charleroi Monessen hospital are deeply interested in the big hospital boom now on, which is for the benefit of a better and bigger hospital in the vicinity.

The hospital, the welcome home for the sick and injured where medical aid and surgical operations may be rendered by local physicians and surgeons in this community, is the central figure in this campaign. People are asked also not to forget the nurses who come to the bedside when called in the hour of distress, helping the hospital, aiding its support and maintenance will also assist them.

Much curiosity has been aroused and much talk and comment raised over the slogan of this campaign, expressed on cards in merchants' windows, reading, "100,000 Reasons Why," which will be explained a little later.

## ELSIE JANIS TO BE FEATURED AT COYLE

The attraction on the Paramount program at the Coyle theatre next Tuesday will be Elsie Janis, in "The Caprice of Kitty."
